## The DIMMER VIEW

by Max Goodwin

### The D.A. Caper (Part 3)

Mrs. Betty McKaig, listed as the editor of the San Diego Independent newspaper, developed a psychotic trauma of a sort last week when we threw our support to Bob Thomas, the assistant district attorney, for the post of D.A.

We find nothing wrong with the right of dissent and toward the end proving it, we are reproducing Mrs. McKaig's column for our readers' scrutiny — although the immediate political season is over.

We do have a complaint, however. Mrs. McKaig has drunk our booze and has verbally professed her love and admiration for us as a writer.

But to address us by our first name. Well, really! Mrs. McKaig said:

By Betty McKaig

"The only thing missing from Max Goodwin's highly-inventive columnar view last week of the current D.A.'s race is a label identifying it as fiction. Certainly, Max has created the fiction plot of the year to explain the many negative clouds surrounding his political friends.

"For those who don't know Max, he is editor, publisher, columnist and general factorum of the Lemon Grove Review. He is also a would-be member of the local old-guard establishment.

"Max is unequivocally for the old establishment, the status quo, and D.A. candidate Bob Thomas, heir to Don Keller's throne.

"In order to be for all of these things, Max has found it necessary to represent San Diego as 'one of the cleanest cities in the nation,' for the same reason, he opines that the name of Don Keller, D.A. for 24 years, 'is synonymous with Mr. Kleen's and J. Edgar Hoover's.'

"In turn, Max must now explain how, in the cleanest city, guarded by Mr. Kleen, the recently-revealed picture of widespread corruption can have developed.

"According to the ultra-imaginative Max, it's all part of a giant conspiracy. Leading off with the first conspiratorial move, he alleges, was the Wall Street Journal, in printing 14 months ago a distinctly uncomplimentary piece about C. Arnold Smith, local banker and major cornerstone of the old establishment. Libel, Max called it.

"He also puts the libel label on Poso del Mundo, the recently released book by Ovid Demaris. Libelous, also, according to Max, were statements drawn from the book in 'a review written by Betty McKaig in the San Diego Independent.'

"Says Max, 'She is said to have registered a plea of ignorance when she faced a charge of libel after she reprinted some of the material the book contained.'

"The only libel invoked is in Max's statements. The Independent (Betty McKaig included) did not face any libel threats. Nor did this writer register a plea of any kind, since none was in order. (Should the occasion arise, Max, I am confident I could come up with something more resourceful than a plea of ignorance — to any charge.)

"All of these stories, according to Max, are now suspect as having been tip-offs or even plans effected by the arch conspirators. The arch conspirators are, of course, those who support Ed Miller and oppose Bob Thomas.

"When it comes to recent revelations on corruption in the law-enforcement agencies of San Diego, encoachment of organized crime, etc. Max pole vaults, neglecting to explain whether the State Attorney General, as author of the report on police corruption, is also a conspirator. And the federal grand jury in its indictment of high-echelon members of the establishment . . . was it also in on the conspiracy?

"How explain that Poso del Mundo has been published by one of the most conservative of the old-line publishing houses. Where, we wonder, was Little-Brown's legal department when the company went to press with a 'libelous' bok? More conspirators?

"The arch conspirators are also accused of accomplishing their ends via the use of innuendo. That Max then proceeds to spread innuendo with a shovel leaves him unabashed . . . for instance he says: 'True or not, some have voiced the fear that Mission Valley Circle will become a minor Las Vegas if the new boys take over.' Somebody must have stuttered in the whisper campaign, Max. The way I heard it, it's the hotels on Mission Bay that stand in this peril.

"Max does not try to iron out the incongruity between that piece of innuendo and Miller's record.

"Ed Miller, remember, is the former U.S. Attorney who developed the cases against big-time bookies (including Russell Alessio) who were for decades invisible to the local law-enforcement agencies. Ditto much of the case on John Alessio and associates.

"It was Miller's indignation that resulted in an investigation of local law enforcement agencies by the State Attorney General — from which the now-famous 'corrupt city' report emanated, (the one the D.A.'s office released only under pressure, and in expurgated version.)

"Even for a writer of Max's imagination, these are hard facts to fit into the pretty fiction he started out to build. We don't blame him for ignoring them and coping out with the paranoid pronouncement — 'Those making such allegations lied!'

"Max piously closes his 'Dimmer View' with the statement, 'This material is revealed so that voters may vote more intelligently.' With that kind of intelligence, what room has the world for ignorance?"

### Muzzle Slow in Coming

Somebody hears!  
Somebody cars!

For years this column has preached on sins committed by various commissions, boards, councils, committees and departments of government.

It was urged that they should have responsibility equal to the authority they have assumed.

For example, some nitwit works himself up by seniority to head the department. With nothing more going for him than age, he sits in judgment of you. He is prosecuting attorney (continued on page 8)

### Election Roundup

#### Surprises Few In Primary Races

If San Diego voters give any guidance, Jess Unruh will face Gov. Ronald Reagan in November following a primary election Tuesday which showed few surprises. Unruh out-drew Sam Yorty by almost two to one in semi-official returns released Wednesday noon.

Senator George Murphy overwhelmed Capitalist Norton Simon by a 2-1 margin and he will face Rep. John Tunney in the fall. Tunney outlasted Rep. George Brown.

The County District Attorney's race tosses Bob Thomas and Ed Miller in a playoff. Mike Schaefer ran third.

The Sheriff's race pits Warren Kenagy with John Duffy. Frank Price ran third.

In other County races James Jones was renominated tax collector and Delavan Dickson was re-elected treasurer. Neither had opposition. County Clerk Bud James and Assessor E. C. Williams were sure winners.

In the 77th Assembly District Bill Brink will face Assemblyman Wadde Deddeh in the fall. In the 38th State Senatorial race, Clair Burgerer will go against Harold Larson and in the 40th, Henry Boney will go against Senator James Mills.

In the race for Attorney General Evette Younger faces Charles O'Brien and State Treasurer Mrs. Ivy Baker Priest faces Milton Gordon. Supt. of Public Education Max Rafferty apparently will not have to face an opponent unless the tide takes a surprising turn.

For Lt. Governor Ed Reincke will face Judge Robert Wenke in November and James L. Flournoy faces Edmund Brown, Jr. for Secretary of State. For Controller, Houston Flournoy faces Ronald Cameron.

U.S. Congressman Lionel Van Deerlin will face James Kuhn. State propositions appeared to be losing except Prop. 7 by which interest will be raised on state bonds. Prop. 1, an issue for medical schools was trailing at press time.

### Southland Music Hit In Burglary Attempt

Unidentified suspects removed a \$20 brass handle from the door of Southland Music Store, 3459 Imperial ave., Lemon Grove last week after the store had been closed for the evening.

A door of a mobile home on a lot was also tampered with, in an attempt to burglarize the store and trailer. A television set was allegedly removed from the trailer, but the suspect did not gain entry to the store.

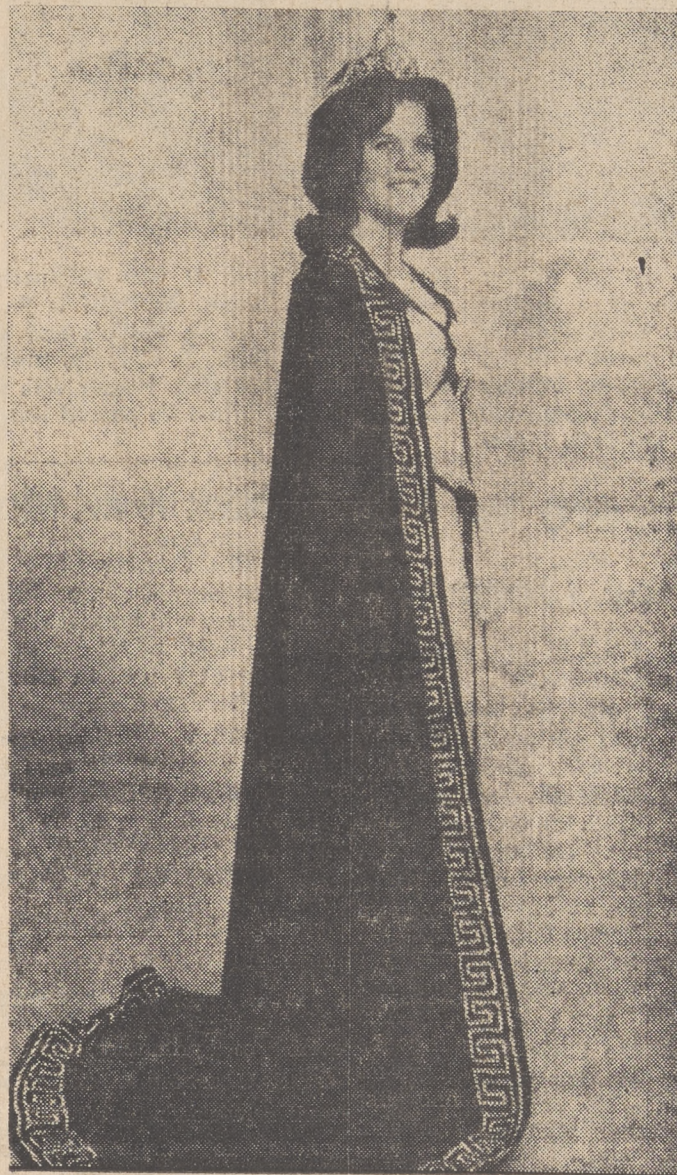

According to part-owner in the store, Jim Hansen, a \$100 reward has been offered for information leading to the arrest and conviction of suspect.

An electronic surveillance system has been installed since the incident, so it will be pretty tough to crack the store now, according to Hansen.

### Need Mexican Insurance To Drive South Of Border

Thousands of vacationing Americans will be driving their cars into Mexico this summer. Many of them will be falsely confident that they have the proper liability protection in case of an accident in that country; the Insurance Information Institute warns.

When planning to drive South of the border, U.S. residents should check with their insurance agent or broker about obtaining an official Mexican automobile liability insurance policy.

Unless properly informed and insured, their pleasant vacations could turn into costly nightmares. Tourists should be warned: "Don't drive into Mexico without auto liability

insurance from a Mexican company."

Most American are unaware that only insurance companies located in Mexico are recognized under Mexican law. And contracts of insurance written by non-Mexican companies are not enforce in that country.

A tourist involved in an accident in Mexico could be faced with a large cash outlay, informal detainment, or even jail, under the strict provisions of the Mexican law — even if he has "Mexican auto endorsement" attached to his U.S. policy.

The "Mexican endorsement" on some U.S. policies is designed for a limited purpose and its application to vacation use should be thoroughly discussed with an insurance agent or broker before a person drives across the border.

## Flag Desecration Charge Lodged After Youths Rip Down Flag Here

Ripping down an American flag at the home of N. H. Steggell, of 7461 Mt. Vernon st., in Lemon Grove Monday, resulted in the speedy apprehension of two persons 15 minutes later.

The Steggells, owners of the flag which had decorated the coffin of a relative veteran, were not home when the incident occurred. A neighbor saw two youths drive away after the flag was pulled down and notified the local sheriff's office.

Taken into custody by Sheriff's Deputies Richard Rebell and B. M. Ozley, were Joseph R. Gallagher, 18, of 1426 Janice st., Spring Valley, and James Joseph Jones, 23, of Inglewood, California.

During the apprehension, three others were taken into custody when they tried to "liberate" the first two suspects. These included two juveniles who were transported to Juvenile Hall and Joseph Jasper Jones, 18, of 821 Parkbrook, Spring Valley.

Following the flag ripping incident, Deputies Ozley and Rebell located the suspected bright red VW van at an ice cream stand at Jamacha rd. and Elkerton in Spring Valley. A sizable crowd gathered while officers were taking Jones and Gallagher into custody. Additional officers were dispatched to the scene when the crowd heckled the officers. Three of the crowd were then taken into custody for interfering with an officer in performance of his duty.

Police said the van's head-

liner was upholstered with an American flag. Curtains over the van's side windows were also fabricated from American flags. The stolen flag was recovered rolled in a ball inside the van, police said.

The culprits were charged with Sect. 614D. Military and Veterans Code, which makes desecration of an American flag a misdemeanor. Charges of petty theft and receiving stolen goods were also made.

## Mobile Homes Controls Eyed By Supervisors

SAN DIEGO (CNA) — County supervisors want to move into the whole field of mobile homes—whether as individual dwellings or in mobile home parks.

The board last week authorized in principle the hiring of a consultant to evaluate the environmental and economic impact of various modes of mobile home living.

The study will most likely be undertaken under the auspices of the Comprehensive Planning Organization to achieve the cooperation of the 13 cities in the CPO.

Supervisors also moved to ease restrictions in the use of mobile homes as owner-occupied residences by allowing this use on parcels of two and a half acres or more in the LC (limited control) zone under a special use permit.

Supervisors Henry A. Boney and Miles Kratka have been getting many objections to county restrictions in these formerly unzoned lands because of the attempt of county departments to enforce new regulations.

## LG Fire Report

The Lemon Grove Fire Department, for the week of May 25 - June 1, answered eight fire calls, two of them to homes, the most serious on May 27 when a 15-year old boy was badly burned and sent to Grossmont Hospital.

Here is the rundown: May 27 at 7:21 p.m., firemen went to the R. W. Kickbush home at 1608 Svea ct. There a fire had started in the garage and spread to the house, possibly by gasoline too close to a heater. Kenneth Kickbush, the 15-year-old son, was carrying a can of gasoline from the garage, according to the fire department report. He spilled the gasoline, spilling an unknown amount on his person, which ignited, burning him severely. He was sent to the Grossmont Hospital, where, according to a report he was burned over 60 per cent of his body. The amount of damage to the house and garage is still being investigated.

The second house fire of the week, was on May 25 at about 5:29 p.m., at the W. S. Rutledge home at 7195 San Miguel. The fire started on the roof where it was being repaired, and the cause is under investigation.

May 26, also, there was a grass fire in the 2200 block McKnight, possibly started by vandals, but with no damage.

May 26, there were four calls: at 8:52 a.m. a car belonging to Hank Egan of 2606 Bonita, was burned in the amount of about \$100, as there was no air filter and gasoline exploded; at 1:53 a grass fire at Highway 94 and Harris with no damage; at 12:18 p.m., illegal burning at 2602 69th st., no damage; and at 10:15 p.m., grass fire at 2670 Grange, possibly by vandals, with no damage.

May 28, Grass fire in an open field in the 1900 block Madera, but with no damage.

## Learn Spanish the Easy Way

## Hardison's Telespanish

By JAMES HARDISON

What is the difference between "tíene" and "tiene que?" Would you please show some examples of how these two different expressions are used?

"Tíene" is taken from the verb "tener" which means "to have." When used in the third person singular as given in your question "tíene" can mean "you have, he has or she has." This form usually is accompanied by either of the three pronouns "el, ella, or usted" (he, she or you) in order to clarify the specific subject.

If you wish to say "she has" in Spanish you may say "ella tiene." To say "he has" would be translated "el tiene" and "you have" would be "usted tiene."

Addition of "que" as in "tiene que" indicates obligation. This may be seen in the expression "El tiene que comer." (He has to eat). In this case he is obligated to eat.

There is a change to the meaning when an object is added. If we add "carne" (meat) to the above phrase we are expressing that "He has to eat meat" as seen in "El tiene que comer carne." This example shows that he is not only obligated to eat but also that he is obligated to eat meat.

If there is no obligation

"que" is not used. For example, we may say "El tiene carne para comer." (He has meat to eat). Briefly this means that meat is available but he is not obligated to eat it.

Practice phrases for "tíene" and "tiene que" are listed below and may be heard for your emulation by dialing 276-2762.

**IMPORTANT PHRASES:**  
Say "El tiene que comer" (eh tee-EE-neh keh koh-MEHR)

for "He has to eat."  
Say: "Ella no tiene que dormir." (EH-yah noh tee-EH-neh keh Dohr-MEER) for: "She does not have to sleep."

**USEFUL PHRASES:**  
Say: "¿Tiene usted que trabajar?" (tee-EE-neh oo-STEHD keh trah-bah-HAHR) for "Do you have to work?"  
Say "No. Tengo que descansar." (NO TEHN-goh keh dehs-kahn-SAHR) for "No. I have to rest."

**OTHER PHRASES:**  
Say "¿Tiene usted que comer carne?" (tee-EE-neh oo-STEHD keh koh-MEHR KAHR-nah) for "Do you have to eat meat?"  
Say "No tengo que." (noh TEN-goh keh) for "No, I do not have to."

## Bishop Raps Supporters Of Abortion

SAN DIEGO — In a fourteen page Pastoral Letter issued last week by the Most Reverend Leo T. Maher, Bishop of the San Diego Diocese, censured abortion supporters as "pressure groups bent on the eventual sterilization, if not the destruction, of our entire Judeo-Christian ethic."

"They are employing every art of psychological manipulation — ridicule, mass identification with new images, and all the modern techniques of indoctrination — to impose their will on others."

Bishop Maher in the Pastoral concedes that "no religious group in a pluralistic society can expect to impose its particular code of morality on the rest of that society," but he does state emphatically that "to demand all religious groups to themselves is quite unreasonable."

## District Opens Vocational Courses To All Students

The Grossmont District is offering vocational classes for all students during the summer session at three district schools.

Although there are certain qualifications for some of the classes, the majority of the courses require nothing more than an interest in the subject matter.

At Helix High, courses in metal working and graphic arts are being opened to the students, while Mount Miguel is offering a class in radio and television repair.

Santana High has opened up classes in auto body repair, auto mechanics, electronics, industrial design, metals, plastics, and technical core.

The courses planned by the district are designed to enable a student to secure employment immediately upon completion.

Another of the vocational courses, occupational choices, is being taught at Mount Miguel High, and is designed to help the student learn to suc-

cessfully apply for employment. The course is in conjunction with another course in work experience.

Work experience enables the student to pick up credit for work during the summer, either part or full time. The teacher also helps the students to find jobs for the summer.

## Mount Miguel Play Is Greek Comedy Farce

The Mount Miguel High School drama department has gone to the Greeks. The department, under the direction of John Adams, will present the Greek play, Lysistrata.

Adams, along with Rick Uiz, and Ted Adams, has rewritten the production with help of Ron Groomes, who will be appearing in the play, set for August 5-7.

The original work, which saw the women of the period become disenchanted with the men carrying on war all the time, was a light-hearted comedy farce.

Rewritten into the twentieth century, the production is sprinkled with just enough anti-war protestors, folk singers and jazz renditions to relate it to today's environment.

In the production, the women go on strike against the men, much like the feminist movement of our time, only on a larger scale. The women who refuse all marital privileges to the men, cause their husband to re-evaluate their positions.

In a single day, a bee may make several thousand visits to flowers.

## COMBO Nets \$2,358 From Sears Store

Leonard J. Zanville, group manager of area Sears stores, on May 28 presented a check for \$2,358 from the Sears, Roebuck Foundation to COMBO, the Combined Arts and Education Council of San Diego County.

The entire sum was earmarked for Young Audiences, Inc., one of eight cultural groups to benefit from COMBO's 1970 campaign, a county-wide program.

Zanville presented the check to Capt. H. E. LeBarron, president of Young Audiences, Inc., and Mrs. Joseph Wagner, a board member.

At the presentation in his office in El Cajon, Zanville praised COMBO, Job Fair and other community projects.

"Businessmen today are accused of being self centered — of being interested only in one thing and that's making profits," he said. "Personally I refute that. Businessmen know that a balance sheet must show much more than figures. It must show concerned response to social issues."

## Sun's Rays Cause Cancer

Wrinkles and dry skin are an inevitable part of the aging process, but here in California where sun-seeking is a way of life, many persons hasten the process by overexposure to the sun. As a result, they prematurely develop weathered skin, which is not only cosmetically unattractive but can be the forerunner of a health problem.

It is the sun's ultraviolet rays, when in contact with skin repeatedly and excessively, which causes damage. Skin which has been damaged by these rays not only becomes dry and wrinkled but develops abnormal pigmentation and becomes thickened. When scaly patches (actinic keratosis) appear on the face, scalp or other exposed areas, these lesions should be treated by a doctor, since they are sometimes the forerunner of skin cancer.

## Grossmont College Athletes Honored

By Chuck Curtis

The eighth annual Athletic Awards Banquet was held last week at Grossmont College, capping one of the finest seasons in the history of the school, and honoring the outstanding athletes on the baseball, golf, tennis and track teams.

The banquet got off on a rather somber note as Mike Buoniconti, a candidate for the presidency of the student body, warned the assembled athletes and their friends and parents of a move afoot on the campus to smother the sports program.

Buoniconti warned that many of the student body were grossly misinformed about the budget allotment of \$34,000 for the school athletic program saying, "Many of the students believe the entire amount will go for football. They do not realize the large number of students benefitting by participation in all the other sports, baseball, basketball, track, cross country, golf and tennis."

Mike urged those present to make themselves heard in the school election.

One could not help but wonder as the evening progressed and the awards were given to the fine young athletes, if the student body was aware of not only the physical benefits but the monetary benefits of the athletic program.

\$34,000 is a very small budget for the fine over-all athletic program offered by the school, especially when one considers the number of youthful athletes who, by their performance at Grossmont College, will get to finish their education by virtue of a scholarship to a four year school.

Taking them in the order they were listed, the baseball team had twenty players listed and all but one came from the Grossmont League High Schools.

The tennis team was 100 percent from Grossmont League and the domination continued on track and field golf.

This year there was a tie in voting for the Outstanding Athlete, 1969-70, and dual awards were given to Armando Valencia, track star and Larry Sweat, star in football and baseball.

In baseball the Most Inspirational Player award went to Randy Neilson and the Outstanding performer Award to Sweat. Most Valuable Player on the Golf Team was Greg Olson. In Tennis the Most Inspirational Award went to John Hodgkinson and the Most Outstanding Award to Bob Scott. In Track the Most Inspirational Award went to Randy Provinzano and Most Outstanding to Valencia.

With the enthusiasm shown at the banquet by the athletes, parents, faculty and coaches, it seems the future of Grossmont College athletics is assured — if misinformed students don't "kill the goose that laid the golden egg."

## Chargers' Opening Schedules Listed for Next Eight Years

The San Diego Chargers, whose sights are set only on Johnny Unitas and the Baltimore Colts in the 1970 National Football League opener at San Diego Stadium on Sept. 20, were presented today with their opponents for the next eight years.

A nine-year rotating schedule, which includes the 1970 season announced previously, was released by the Office of the Commissioner in New York City. It gives the opponents, but not the site or date of the games. It will be overhauled if the NFL has future expansion.

One thing never changes for the Chargers. As members of the Western Division of the American Football Conference, they play Oakland, Kansas City and Denver home-and-away every year. Remainder of opponents are divided among AFC Central 3, AFC East 2, National Conference 3.

The three NFC opponents for the Chargers in 1971 are the Minnesota Vikings, New York Giants and St. Louis Cardinals. Eight-year list of Charger opponents (not including games with Oakland, Kansas City, Denver):

1971—Cincinnati, Cleveland, Pittsburgh, Buffalo, N.Y. Jets, Minnesota, N.Y. Giants, St. Louis.

1972—Cleveland, Pittsburgh, Houston, Baltimore, Miami, Detroit, Dallas, San Francisco.

1973—Cincinnati, Pittsburgh, Houston, Boston, Buffalo, Washington, Atlanta, New Orleans.

1974—Cincinnati, Cleveland, Houston, Miami, N.Y. Jets, Chicago, Green Bay, Philadelphia.

1975—Cincinnati, Cleveland, Pittsburgh, Boston, N.Y. Jets, Minnesota, N.Y. Giants, Los Angeles.

1976—Cleveland, Pittsburgh, Houston, Baltimore, Buffalo,

## Gal's Olympics Set Saturday Girl's League

Girls Junior Olympic Track and Field Championships of the Pacific Southwest AAU will be held Saturday in Balboa Stadium starting at 9 a.m., the co-sponsoring San Diego Recreation Department has announced.

The event, sponsored nationally by the Quaker Oats Co., will offer 43 events in four age divisions. In the Intermediate and Senior Divisions, best times, distances and heights will determine qualifiers for Regional Junior Olympics competition.

Entry has been limited to girls between 10 and 17 years inclusive from San Diego and Imperial Counties.

## Winchester, Scotties Win Big In San Diego CIF Meet Thursday

Helix High School and Billy Jo Winchester are the big names in sports action this week, as Coach Mike Muirhead's Highlanders copped the San Diego CIF track and field championship, and Winchester made off with first place in the shot put and discus at the affair last Thursday at Balboa Stadium.

Muirhead, whose cross country team won the CIF championship earlier in the year, was elated with the victory, which saw four Highlanders get the nod to go to the state meet tomorrow and Friday at Berkeley.

Mount Miguel's Winchester, who was disappointed with his marks in the shot and discus, tossed 59.5 in the shot and flipped the platter 180-6½ to get the wins and advance to the state meet.

Fellow Mount Miguel High athlete Bob Morrison (a sophomore) just missed a trip

north when he finished fourth in the mile. The top two in each event qualify for the big one.

Winchester said that he had not worked out with the shot or discus the week before the meet because he had torn the skin off the bottom of his foot while running.

Helix athletes that will go to Berkeley include two-miler Ed Mendoza, the county's premier distance runner, pole vaulter Rick Schultz, half-miler Bob Bishop and weightman Gunnirs Valkirs.

Mendoza, a junior, clocked 9:09.6 for the eight laps in the CIF meet, while Schultz cleared 14 feet in the pole vault.

880-man Bishop took second, but turned in a fine time of 1:55.9 in the competition, while strongman Valkirs threw 55-0 and 158-6 for a pair of seconds in the CIF meet.

Schultz and Mendoza are the

only two athletes from Helix who have good chances of placing in the state meet as their marks are not far from the top ones in the state.

The 880 mark will probably be close to 1:50, and the shot and discus marks will look like 67 and 210 feet.

Winchester has a chance in the discus, but little hope in the shot event.

## Odell Wins, Stretches Win Streak

Odell Realty continued its undefeated record last week, dumping second place Sheib Realty, 21-11, behind the successful pitching of Miny McKnight. The win put the Odell record at 8-0 and dropped Sheib two games out with a 6-2 mark.

At the other end of the league standings, S.D. Sandblasting lost its eight straight contest, this time to third-place Spring Valley Woman's Club, 15-6.

In minor league play, Calbreath Realty/Sportland retained first place in the standings with an 11-5 victory over second-place Delp Plastering. Karen Hurley tossed a fine game for the winners.

Mac Electric kept its record over .500 by upsetting Johnson Excavating/S.V. Insulation, 32-11. The win put Electric's mark at 4-3, good enough for third place in the loop standings.

**Major League Standings**  
Odell Realty 8-0  
Shaib Realty 6-2  
S.V. Woman's Club 4-4  
Clean Rite Sewer & Drain 2-6

## Hale, Bullen, Butts To Clash In Super-stock Action Saturday

Ed Hale, of Lemon Grove, Russ Bullen, of Bonita, and Bill Butts, of El Cajon will meet head-on Saturday night at Cajon Speedway, as super-stock action resumes at the 3/8 mile oval.

Hale, who has a pair of wins on the year, will try to close the gap between point-leader Bullen and himself. Bullen has won four main events so far this season.

Bill Butts, who won the main event for open competition last Saturday night, seems to have gotten his car in good running condition, and is ready to challenge the leaders for the top prize money.

In last week's action, sprint cars took over the track on Friday night with super-stars Don Hamilton, El Cajon, Lee Robison, Spring Valley and Ed (I'll drive anything) Hale smoking up the banked oval.

Hale won the trophy dash after being second-fastest qualifier for the sprints, won

Mickey will head a committee of prominent sports figures representing baseball, football, golf, tennis, hockey, basketball, track, skating and swimming, which he now is in the process of forming to aid the fight against children's lung diseases. The Foundation last year expanded its program to include 5,000,000 children with other lung-damaging diseases as well as cystic fibrosis.

The health problems of children long have interested the home-run star, who is the father of four sons. His first project was to visit a 3-year-old cystic fibrosis victim in his home town of Dallas, Scott Rohne Macintosh, to whom he presented a baseball bat for use some day when old enough.

Mickey was with the Yankees from 1951 to his retirement in 1968, with a lifetime batting average of .298 and 536 home runs to his credit. He remains active with the Yankees as a spring training coach and heads several business enterprises.

## Beavers Nail Down Top Spot In First Half Of Loop Play

A combination of fine pitching and strong defense carried the Beavers to championship honors in the first half of Lemon Grove Little League Intermediate Division play.

A pair of wins over the Padres upped the Beavers' final won-lost record to 9-1, three games ahead of the runnerup Carlton Cabinet Islanders.

Fast-closing Murphy Plumbing Seals finished third, the

Stars fourth, Giants fifth and the Padres last.

The Beavers ended their first half action with 8-7 and 8-5 victories over the Padres. Chris Russell gave the Beavers only two hits in the opener but still lost.

In the nightcap, Bill Bryant coasted to his fifth decision without a loss. He was aided by a seven run first inning.

Islander hopes were dashed when they dropped two games to the Stars. Jerry Crabtree pitched his club to a 10-3 nod while Bob Fortenberry homered and Jim Kingsberry and Andy Pickner shared the pitching duties for a 20-6 finale.

Warren Harris hurled the Giants to 19-8 verdict over the Seals to snap the latter's four game win streak but a 15-0 shutout by the Seals evened matters.

Second half play begins this week with a 30-game schedule winding up July 7. Games are held on the Monterey Heights School field, 7550 Canton dr., starting at 5:30 p.m. Monday through Friday and at noon on Saturday.

**First Half Standings**  
Beavers 9-1  
Islanders 6-4  
Seals 5-5  
Stars 4½-5½  
Giants 3½-6½  
Padres 2-8

## New Community Prizes Offered To Kids Going Up Near La Presa Area

There's a new town hereabouts but few people know about it.

It is the brand-new community of Carriage Hills, adjacent to the La Presa section of Spring Valley east on Jamacha blvd.

The development now nearing completion, will boast 278 contemporary homes in the \$23,000 - \$26,000 price range.

Sales are already nearing the million dollar mark and already clothes lines of the first section of homes are sprinkled with drying clothes, evidence that a family has "homesteaded".

The development was chosen for that site by Barclay-Holander, Curci because of its proximity to highway travel.

When completed, Highway 94 will permit Carriage Hills to reach practically any point in San Diego in 15 minutes. 94 will hook up with Highway 8 for almost instant access to points east and west.

Developers say that many houses in various styles are still available.

## Drug 'Hot Line' Gets 384 Calls

**SAN DIEGO (CNA)**—The county's new drug hot line telephone service which went into service on a 24-hour basis on April 7 took 384 calls by April 30 and referred 34 young people for treatment.

County Health Director J. B. Askew reported to the Board of Supervisors that 16 of the referrals to Crisis Center, Community Mental Health or University Hospital were for heroin and the others were for use of amphetamines, barbiturates or hallucinogens.

Askew said that 58 of the calls were concerned with acute problems. These were overdoses, abscess of the vein, suicidal or an emotional crisis such as a bad trip or hysterical individual.

The hot line telephone number is 297-3339 with the last four digits matching the DEFY name of the county's anti-drug abuse program—Drug Education For Youth.

## 'Chicken Inspectors' May Get Tough Rules

**SAN DIEGO (CNA)**—An ordinance to eliminate non-conforming chicken ranches in ten years and requiring modernization of others has been placed before the County Board of Supervisors.

It is the product of county staff officers at the behest of Supervisor Harry Scheidle and is probably some distance in time from adoption.

It would require discontinuance of all poultry operations that do not conform to the zone by July 1, 1980. The permitted zones are A-2, A-3, A-4 and LC.

Chicken (or turkey) ranches which do not meet strict standards would have to be brought up to that standard within three years or be in violation of that ordinance.

All youngsters 15 and under who attend the San Diego Zoo on June 10 will be given free ice cream.

June is Dairy Month and Wednesday, June 10, has been designated "June Dairy Day at the Zoo" by San Diego County milk distributors.

"The ice cream is one small way the San Diego dairy industry can say thank you to the people," said Roger Drinkwater, June Dairy Month Committee chairman for San Diego.

"San Diego consumers have a keen interest in nutrition and good foods, and they have been generous in their support of our industry," said Drinkwater.

The ice cream will be distributed at the concession stand in the zoo picnic area near the Children's Zoo entrance.

"June Dairy Day at the Zoo" is one of many June Dairy Month events planned throughout the state.

The two-day continuing education program was presented by three fellows of the San Diego County Chapter of the National Association for Vision and Preception Training in the offices of the local doctors.

In the program it was demonstrated that research has produced evidence that up to 30 per cent of all school children are not performing to their academic ability and that fifty per cent of the low achievers also have not developed an efficient visual processing system despite normal eye-sight.

**TOP PRIZE** — Cub Pack 318, of Lemon Grove, netted the top prize for floats in the recent Lemon Grove Oldtime Days Parade on Broadway. The scouts say that working together has brought them success in every area.

Four traffic safety projects are scheduled for State Routes in San Diego, Imperial and Riverside counties, according to bids being called by the California Division of Highways.

A number of improvements on Route 94 in San Diego County are scheduled for the approximate 6-mile distance between Avocado blvd. near Spring Valley and 2.9 miles west of Dulzura Post Office.

These include widening the Jamacha rd. bridge about 5 miles west of Jamul; widening a curve between Proctor Valley rd-Jefferson rd. and Maxwell rd. just east of Jamul; and widening a second curve a short distance east of Dulzura Creek Bridge about 5 miles east of Jamul.

Approximately \$338,000 is available for the project, on which bids will be opened June 18 in Los Angeles.

ney, chief witness, judge and jury. He also levies the penalty. You didn't elect him. You can't fire him.

You can make an appeal. Where is the appeal heard? By the same board, of course. But that may be changed now.

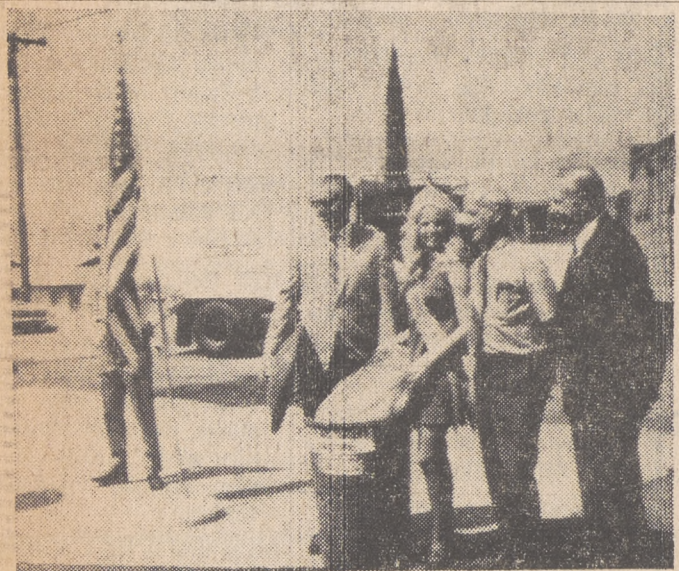

The Assembly Ways and Means committee has approved legislation by Assemblyman John Stull to give protection to the public in unwarranted action by public agencies.

AB 621 provides that when public administrative agencies act arbitrarily and unreasonably against citizens in administrative hearings, the citizen may, in addition to any relief granted, or other costs, recover reasonable attorney's fees.

Stull said there have been several instances where public agencies acted in an irresponsible manner to the detriment of citizens, yet in either court action or administrative hearings, the citizen was not entitled to any compensation even though he won his case against the public agency.

What AB 621 does, if the Assembly approves it, is to acknowledge for the first time that the public is being badly brow-beat by the minions of the government which the public supports.

Relief is late in coming but at least the first swing of the pendulum is here.

**BEAUTY** — Jan Isley, Miss Spring Valley, was on hand last week to help out in the Spring Valley Beautiful campaign. The campaign was dubbed a total success by the Spring Valley Community Council, thanks to the help of many organizations.
